

LEUPOLD.

CONSUMER GUIDE 2023

CEO MESSAGE

TRUST IS EARNED

BRUCE PETTET, CEO, LEUPOLD & STEVENS, INC.

Gear that doesn't work doesn't belong in your pack. That's why every product we make is guaranteed to operate at the highest level. Whether you're going after your target buck or the top spot on the podium, you know our optics will never let you down. That level of trust is earned. It's won by dominating thousands of hard hunts, winning countless adrenaline-filled matches, and protecting our country for decades on the battlefield. No matter what happens to you when the pressure's on, our designs will survive every epic moment and deliver the premium clarity they're known for, just as they have for the past 100 years.

So go ahead, Be Relentless.

LEUPOLD OPTICAL SYSTEMS EXPLAINED

THE CLEAR DIFFERENCE

Each optical system builds off the previous one to ensure every Leupold product has the brightest, clearest image in its class — no matter the conditions.

JAMES REEVES AND JOHNNY BRAGG FIELD-TEST THE MARK 3HD AT OREGON'S THUNDER RANCH.

PROFESSIONAL-GRADE OPTICAL SYSTEM

The Professional-Grade Optical System offers unmatched light transmission designed to outperform in the most challenging lighting conditions, industry-leading glare reduction for a clear image in harsh, direct light, and the resolution and clarity professional guides and shooters demand in the field.

ELITE OPTICAL SYSTEM

The Elite Optical System offers excellent dawn-to-dusk light transmission for a bright image when it matters most, high-performance glare reduction in harsh light, and the resolution and clarity diehard hunters and shooters demand.

ADVANCED OPTICAL SYSTEM

The Advanced Optical System offers tried-and-true light transmission for extended glassing sessions, best-in-class glare reduction in harsh light, and the resolution and clarity recreational sportsmen and sportswomen demand.

NICK GADARZI HOLDS STEADY WHILE USING THE MARK 5HD IN A PRS CLUB MATCH.

FROM ZERO TO THE
MOMENT OF TRUTH

MARK 5HD™

A RECORD-SETTING KNOCKOUT

The Mark 5HD is the glass of choice for competitive ELR shooters. Pick one up, and you'll see why. Built around our Professional-Grade optical system, this scope offers dominant light transmission, industry-leading glare reduction, and the resolution and clarity needed to put lead on steel out past a mile. As if that weren't enough to grab your attention, it also features tactile click adjustments and large numbers to make dialing simple. With its 34.9 MILS of elevation adjustment and multiple reticle options, this optic will help you squeeze every bit of performance out of the latest long-range rifles and ammunition. We stake our reputation on it.

FEATURES

- **Leupold's Professional-Grade Optical System** delivers the light transmission, glare reduction, and resolution professional guides and shooters demand
- **Provides accurate holdovers** throughout the entire magnification range
- **Delivers 120 MOA or 34.9 MILS of travel** using a precise and repeatable three-turn ZeroLock Dial
- **Disperses recoil energy** for unrivaled durability
- **Waterproof, fogproof, and guaranteed** to perform for life

THE COLD-BORE KING

ONE FOR THE BOOKS

No target is out of reach for extreme long-range shooter Stan Cutsforth. On July 27th, 2022, at the Spring Canyon Record Match in Raton, New Mexico, Stan landed three consecutive cold-bore shots at 2,560 yards, setting a new world record. His history-making rifle is a product of precise engineering, and so is the Mark 5HD he paired with it.

DELTAPOINT™ MICRO

EASY TO CONCEAL.
FAST ON TARGET.

Mount the DeltaPoint Micro to your CCW, then hit the range for some live-fire practice. Built to the same height as most factory irons, the DeltaPoint Micro aligns its red dot with the front sight post, giving you faster target acquisition and improved accuracy without surrendering its compact profile. And with its eight illumination settings, you can easily match the red dot's brightness to any lighting condition, indoors and out.

FEATURES

- **Protects the diode** from the elements in a fully enclosed system
- **Improves target acquisition** with a red dot that aligns to factory iron sights
- **Matches external lighting conditions** with eight illumination settings
- **Waterproof, fogproof, and guaranteed** to perform for life

RETIRED SERGEANT MAJOR KYLE LAMB
TAKES AIM WITH THE DELTAPOINT MICRO.

THREE THINGS YOU DIDN'T KNOW ABOUT THE DELTAPOINT MICRO

THE DELTAPOINT MICRO IS THE MOST CONCEALABLE RED DOT ON THE MARKET.

It measures 2.25 inches long, 1.25 inches tall, and weighs just 1.1 ounces. This lightweight and rugged optic is a direct replacement for the rear factory iron sight, making it perfect for anyone transitioning to a red dot for the first time.

A SINGLE BATTERY LASTS 3.5 YEARS.

When the DeltaPoint Micro is on the medium brightness setting, a single battery will provide 3.5 years of constant runtime. And because the DeltaPoint Micro features our Motion Sensor Technology (MST), it'll go into sleep mode after five minutes of inactivity. The

battery compartment is also easily accessible, so when you go to replace the CR1632 battery, you won't have to remove the sight or rezero.

IT CAN FUNCTION AS A GHOST RING SIGHT.

The DeltaPoint Micro features an enclosed daylight-bright dot protected from moisture, dirt, and debris. But if the battery dies, the DeltaPoint Micro can act as a ghost ring sight. Just put your front sight post in the lower third of its window and use the two milled holes on the back of the optic to line up your shots.

DELTAPOINT[®] PRO

THE MOST VERSATILE
PERFORMANCE RED
DOT, PERIOD.

Whether it's topping an AR, shotgun, or pistol, the DeltaPoint Pro delivers unmatched speed and accuracy. Its wide field of view and crystal-clear glass dominate the competition, while its lightweight aluminum body soaks up recoil. Even the shockwave from a three-and-a-half-inch shell can't knock this red dot out of alignment. From big bores to your 10/22, there isn't a gun in your safe unfit to carry this tough, versatile optic.

FEATURES

- **Delivers quick, precise, and repeatable adjustments** in 1 MOA increments
- **Extends battery life** with Motion Sensor Technology (MST)
- **Simplifies battery replacement** with a top-side battery compartment
- **Improves target acquisition** with its immense field of view
- **Waterproof, fogproof, and guaranteed** to perform for life

CUSTOM DIAL SYSTEM[®] (CDS)[®]

LONG-RANGE ACCURACY MADE EASY

Our Custom Dial System (CDS) allows you to take accurate long-range shots quicker than ever before. Better than your average bullet-drop solution, a CDS dial doesn't rely on busy reticles, holdovers, or calculators to put you on target. Is the trophy of a lifetime standing at 350 yards? Simply turn your dial to 3.5 and aim dead on.

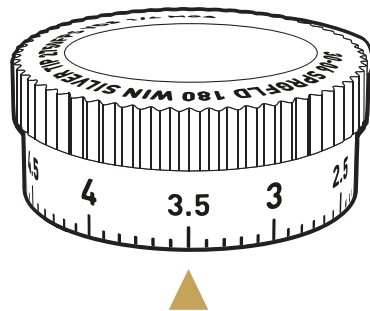

You're eligible to redeem one FREE custom dial—an \$80 value—when you purchase any CDS-compatible riflescope. To get yours, enter your ballistics and environmental information at leupold.com/freecds. We'll use that data to create a custom elevation dial tailored to your exact load, muzzle velocity, and specified atmospheric conditions. Once you receive your new dial in the mail, swap out the standard MOA or MIL dial, and you'll be ready to make fast, accurate long-range shots in the field.

THE BX-4 RANGE HD TBR/W OFFERS
ELITE-LEVEL CLARITY AT FIRST LIGHT.

NEW

BX-4 RANGE HD™ TBR®/W

ADVANCED RANGING TECHNOLOGY. CRYSTAL-CLEAR OPTICS.

When speed is paramount, there's no substitute for a range-finding binocular. The BX-4 Range HD TBR/W 10x42mm fuses our DNA engine and ballistics software with the optical performance diehard hunters and shooters demand. Now you can spot and range targets without wasting valuable seconds switching between gear. Its high-contrast red OLED display delivers visible readouts in any light, and its edge-to-edge clarity makes glassing sessions easy on the eyes. The next time you're packing for a match or hunt, cut the excess. Take the BX-4 Range HD TBR/W.

FEATURES

- **Leupold's Elite Optical System** delivers the light transmission, glare reduction, and resolution diehard hunters and shooters demand
- **Provides ballistically calculated ranges for uphill/downhill shooting** using True Ballistic Range/Wind (TBR/W) technology
- **Delivers bright and clear range readings** with a red OLED display
- **Waterproof, fogproof, and guaranteed to perform for life***
- **Boasts a 2,600-yard** ranging distance

RX-1500i[®] TBR[®]/W

NEW

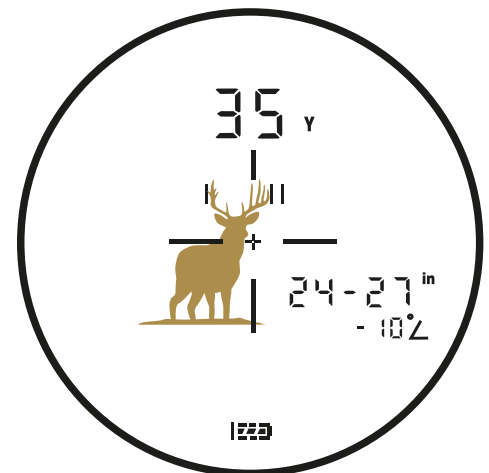

LIGHTNING FAST WITH DEADLY ACCURATE RIFLE BALLISTICS

Know the exact distance of your next shot with the RX-1500i TBR/W. This rangefinder uses our lightning-fast DNA[®] laser engine and True Ballistic Range/Wind (TBR/W) technology to turn out precisely calculated ranges in even the most extreme terrain. And with the help of its Trophy Scale feature, you'll be able to estimate the rack width of any animal in the field, allowing you to stay above board and out of trouble if you hunt where antler size is a big deal.

FEATURES

- **Provides ballistically calculated ranges for uphill/downhill shooting** using True Ballistic Range/Wind (TBR/W) technology
- **Delivers bright and clear range readings** with a high light transmission black LCD
- **Boasts a 1,500-yard** ranging distance
- **Easily measure game in the field** using Trophy Scale
- **100% waterproof** and extreme climate tested

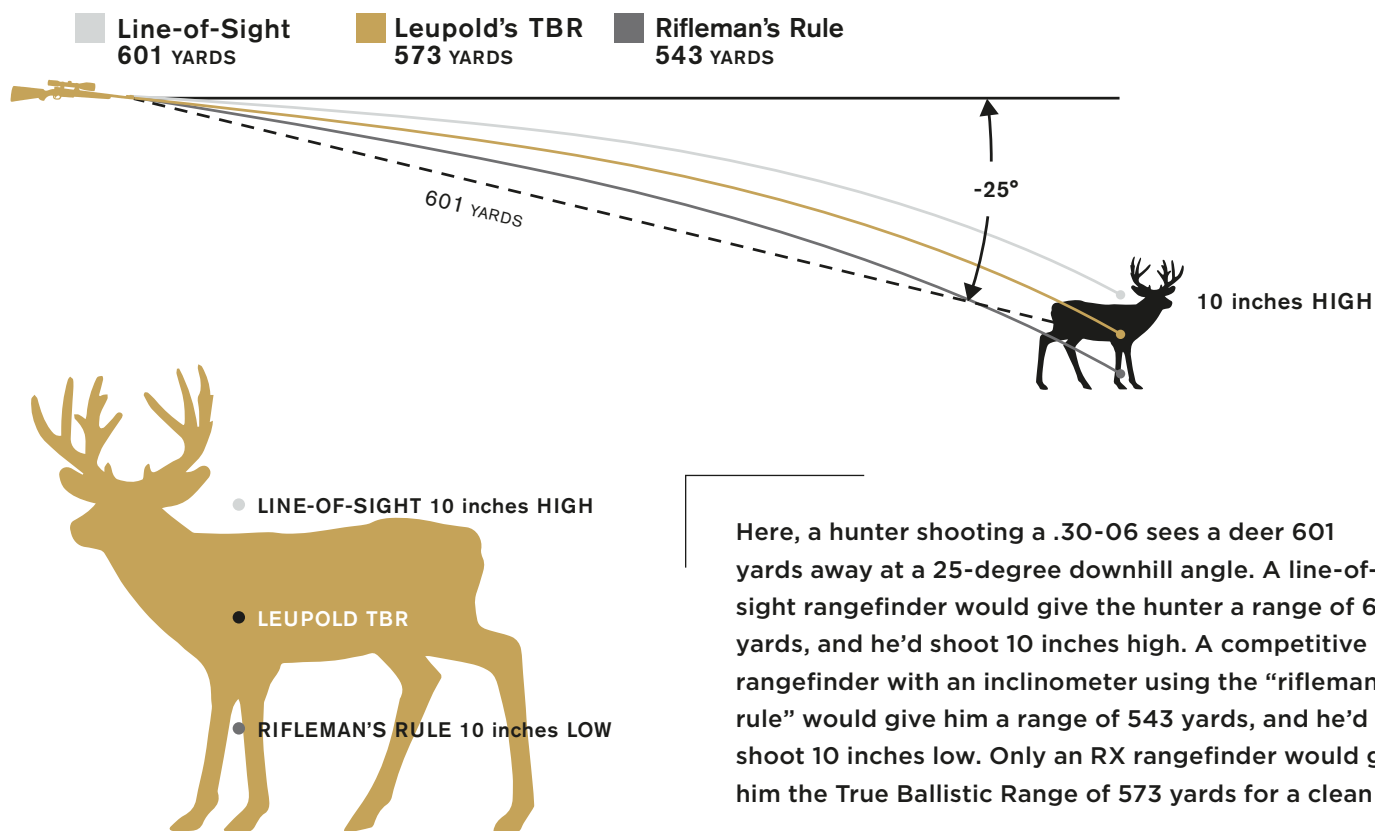

TRUE BALLISTIC RANGE[®] / WIND TECHNOLOGY

FIRST-SHOT ACCURACY

True Ballistic Range (TBR) has 25 selectable ballistic groups that account for most manufactured and hand-loaded rifle cartridges, so no matter what you shoot, this mode will work for you. Just choose the group that matches your bullet weight and muzzle velocity, and the RX-1500i will display dead-on shoot-to distances that are accurate out to 800 yards. It can even calculate 10-mph wind holds. Without this kind of technology, you could be off by 10 to 15 inches when you start sending rounds farther downrange.

FROM MOUNTAIN TRAILS TO THE
DAILY GRIND

COLBY INGRAM SETS UP A COURSE OF
FIRE ON THE LEUPOLD RANGE.

PERFORMANCE EYEWEAR

HIGH CONTRAST. HIGH CLARITY.

If you've ever demolished cheap sunglasses while deep-sea fishing or biking in the mountains, then you know that an active lifestyle demands tough gear. So forget about the gas-station specials, and grab a pair of Leupold Performance Eyewear to protect your eyes. Their shatterproof lenses, combined with the most resilient non-metal materials on the market, stand up to ballistic impacts, extreme stress, and harsh weather.

DAYLIGHT MAX

Provides UV protection for optimal performance in bright conditions

ANSI Z87.1+ BALLISTIC RATING

Meets or exceeds ANSI high-velocity impact standards for eye protection (Packout, Sentinel, Switchback, and Tracer styles)

DIAMONDCOAT SCRATCH RESISTANCE

Reduces surface scratches with a hardened surface coating

NO-SLIP BRIDGE

Provides all day comfort with no-slip, soft-touch rubber bridge pads

LIFETIME GUARANTEE

Protects against manufacturer's defects for the life of the product

INTERCHANGEABLE LENSES

Easily change lenses to maintain maximum protection in all light conditions (Sentinel and Tracer style only)

IN-FUSED POLARIZED LENSES

Eliminates glare and keeps your eyes fresh on the water and in the field

GUARD-ION HYDROPHOBIC COATING

Sheds dirt and water for a clear, crisp image

RX READY

Compatible with prescription lens requirements (Sentinel and Tracer style excluded)

BRIDGER

We built the Bridger performance eyewear to keep up with competitors like you. Wherever you go, and whatever you do, its ballistic-rated In-Fused polarized lenses will eliminate glare so you can focus on your next step.

CHEYENNE

The Cheyenne features a low-profile frame that makes it the perfect option for hunters and shooters with smaller faces. Its full wrap design offers complete protection from the elements while maintaining maximum visibility and airflow.

KATMAI

The Katmai is the top choice for adventurers. Lightweight, rugged, and exceptionally clear, they can be trusted to keep your eyes fresh and your vision true.

PACKOUT

The Packout is the go-to option for any hunter or shooter. ANSI Z87.1+ ballistic protection alongside our proven optical clarity makes the Packout perfect for every adventure and everyday wear.

TRACER

When you're a dedicated shooter, the Tracer is an absolute must-have. ANSI Z87.1+ ballistic protection, interchangeable lenses (included), and weather-resistant coatings are combined with Leupold's unmatched clarity and durability.

SENTINEL

Your sight is worth protecting. The Sentinel performance eyewear meets MIL-PRF-32432A impact standards and guards your eyes with a swappable shatterproof lens. If you're a competitive shooter or defender of the peace, the Sentinel is vital to your kit.

BECNARA

The Becnara fuses Leupold performance with everyday style. Polarized, rugged, and incredibly clear, they will never let you down.

SWITCHBACK

Comfortable on the range, in the field, and on the ride home, the Switchback's ANSI Z87.1+ ballistic protection, lightweight comfort, and unquestionable clarity make it a go-to option for your everyday kit.

FIELD WEAR & PRO GEAR

THE OFF-GRID ESSENTIALS

The clothes on your back are as critical as the gear in your bag. Whether you're checking trail cams, putting rounds on paper, or gassing up the quads for an all-terrain outing, our Pro Gear and Field Wear will do more than look the part.

SANTIAM INSULATED JACKET

When cool-weather conditions call for core warmth, the Santiam Insulated Jacket is the perfect outer layer to hold in the heat.

MAKE READY 1/4-ZIP FLEECE

Complete with holster-access side zips, this spring jacket allows you to comfortably carry your weapon without sacrificing your quick-draw capability.

ALPINE PRO SNAP SHIRT

Sometimes a stylish shirt is all you need to complete your look and stay warm. From a night on the town to a weekend in the woods, the functional design of our Alpine Pro Snap Shirt has you covered.

MOAB LIGHTWEIGHT UPF HOODIE

Not a hat person? How about a hood? The Moab Lightweight UPF Hoodie will protect your head from the sun's rays while regulating your body temperature with its breathable fabric.

FROST TRAIL VEST

Ditch your heavy layers in favor of the versatile Frost Trail Vest. No matter what weather conditions you come up against, its breathable, water-resistant softshell will keep you dry.

TRIPOD PANHEAD

Switch to the Pro Gear Panhead to eliminate jerky movements when glassing. Unlike cheaper ball-head actions, this tripod head has a friction control handle for making smooth passes with a binocular or spotting scope.

WINDOW MOUNT

The Pro Gear Window Mount stabilizes optics using 6061-T6 aluminum, letting you spot and watch game from the comfort of your driver's seat. Better still, its rubberized clamp won't scratch glass.

PRO GUIDE SEMI-AUTO HOLSTER

This adjustable holster fits a wide variety of semi-auto handguns and small revolvers, so whatever firearm you conceal, you'll be able to take it with you on your next hunt or hike.

PRO GUIDE BINOCULAR HARNESS 2

The backcountry isn't a soft place. That's why we've given the Pro Guide Binocular Harness 2 a fleece-lined interior that'll protect your glass when you're up against the elements.

PRO GUIDE BEAR SPRAY POUCH

Arm yourself with a fully loaded Pro Guide Bear Spray Pouch. With 1" structured webbing, it straps to belts, MOLLE, and the Pro Guide Binocular Harness 2, allowing you to lock it down wherever you find most convenient.

LOGO WEAR

BOLD DESIGNS WITH A COMFORTABLE FIT

Take your love for the brand to the next level with Leupold Logo Wear. Made for those who want to speak their minds without saying a word, our hoodies and tees send strong messages of hunting, shooting, and manufacturing in the USA. Wear them and be heard.

PATRIOT TRUCKER

Comfortable and designed with a winning color scheme, the Patriot Trucker is a homerun. Once you put it on, you won't want to take it off for anything other than our national anthem.

8 POINT TRUCKER

What you envision, you can achieve. This semi-structured snapback puts "Lucky" at the front of your mind, so you'll be ready to punch his tag at the start of next season.

CASCADE TRUCKER

You might not be able to live full-time in the backcountry, but with the Cascade Trucker, you can carry the mountains with you. Stay strong. Your next outdoor retreat is only a workweek away.

RETICLE FLATBILL TRUCKER

If you're a straight shooter who likes a flat brim, this classic trucker hat is for you. Its semi-structured snapback design looks just as good at the range as it does on the road.

STEALTH TRUCKER

This hat is what you make of it; leave it bare and operate in the shadows or go loud by adding a patch to its loop-lined panel. It's up to you to decide when, where, and how you want to be seen.

ICON MOSSY OAK TRUCKER

This hat is a symbol of the hardworking men and women who spend their days fabricating premium optics for the world's best hunters and shooters. Wear it proudly.

CAMO RETICLE HOODIE

Instead of blending in, this retro Camo Hoodie will stand out whether you're running drills or running errands. It's comfortable, breathable, and designed to keep up with your every move.

PRIMER HOODIE

It starts with a spark. Put on the Primer Hoodie and tackle the day in comfort and style. From practicing your draw at the range to shed hunting in the off-season, there's nothing you can't do in this lightweight hoodie.

DISTRESSED RETICLE TEE

The classics never go out of style, and our Distressed Reticle Tee is as classic as it gets. Rock the reticle at the range, in the field, or out on the town.

WORDMARK TEE

One word says it all; Leupold means pushing limits on the battlefield, in competition, and on the hunt. Whatever you do while repping our brand, Be Relentless.
